Hi Chuck,

Would you be able to reach out and coordinate with RB5 enforcement staff? I know they expressed interest in attending these PCAs as training tools, even though SB staff will be the ones writing the report. I would prefer to set the interview portion of the audit sometime in May, after the VVWRA audit. However, my calendar is also pretty flexible to any date afterwards, depending on the availability of RB5 staff.

Thanks for coordinating and hope your family is doing great as well!

Just an fyi regarding Sunnyvale PCA. We are getting others in the queue, so should not be a problem to push Sunnyvale back for now.

Eureka's PCI is scheduled for May 23rd.
Working with the Regional Board to schedule the VVWRA PCA for 2nd week of May.

Gur, let me know if you have target date for when you would like to schedule Merced and Manteca PCAs.

Hope everyone and their families are all healthy and well.

Hi Jessica,

Thanks for the follow-up. We can definitely push Sunnyvale for now. If the travel bans extend into the summer, we'll have to start looking at remote inspections for all remaining facilities but we can do our best to accommodate their request for now.

Stay safe,

Chuck, I communicated with Julie today. Sunnyvale is not fully functional at this time and requests that we wait to schedule the inspection until after the stay-at-home order is lifted. We are under a stay-at-home order until May 4, but we all reasonably expect it to be extended. Just this week, our Governor said that football will likely not resume in California in August. Tough year for sports, and pretty much everything.

Chuck and Sirese, I very much appreciate your efforts. Let's check in about this inspection in May once we know the status of the stay-at-home orders.

Best,
Jessica

Hi Chuck,

After some thought, please hold off on contacting the Sunnyvale contact regarding the inspection. I'd like to call her personally to feel out the situation. Perhaps they'd rather do it sooner rather than later. I can also convey some other information to her about how CalEPA is poised to help municipalities that need help, and

how to sign up for that potential help. So that I don't have to go digging, can you please share her name, number, and email?

Thanks much,
Jessica
